

Data science with AIML intern

# Internship at cranes varasity

Swipe to know more

# First things first

- Title: "Data Science & Visualization Internship with Cranes Varsity Pvt. Ltd."
- Text:
  - Duration: October 2023 – November 2023 (2 months)
  - Remote Internship
  - "Gaining hands-on experience in Data Science & Machine Learning."

# project overview

- Project 1: Real Estate Cost Prediction
- Data analysis & visualization using AIML techniques.
- Project 2: Floral Set Data Visualization
- Built advanced visualizations to understand data patterns.

# Real Estate cost predictor

- "Analyzed real estate data to predict property costs using statistical techniques."
- Tools: Python, Pandas, Matplotlib, AI/ML algorithms.

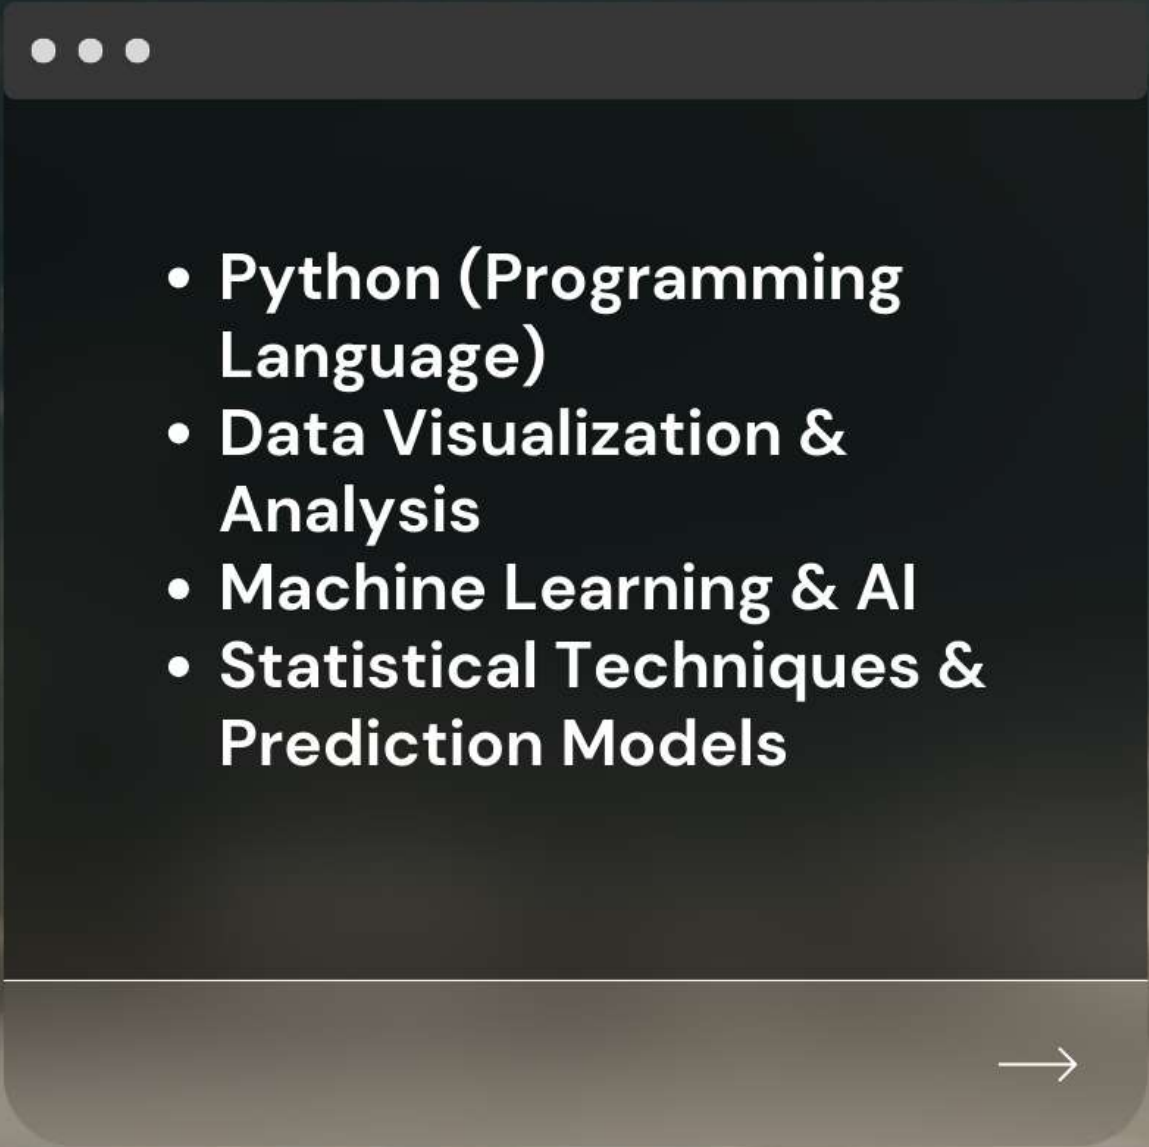

floral set vizualization

- "Developed interactive visualizations to explore floral data patterns."
- Tools: Seaborn, Matplotlib, Data Analysis in Python

- 
- Python (Programming Language)
  - Data Visualization & Analysis
  - Machine Learning & AI
  - Statistical Techniques & Prediction Models
